

Analytics Peak

Elevate your data experience with unique dashboards + reports

When speed and scale are no longer a barrier, your data can answer questions you didn't even know to ask. Explore your rev cycle with simple, yet robust tools to build unlimited dashboards and reports. Tailor insights with custom defined calculations, definitions and map keys unique to your organization and unlock the true potential of your revenue cycle.

Grow + scale with data insights you can trust

Delivering data experiences to support the complex decision-making needs of visionary healthcare organizations requires a different approach. Waystar's Analytics + Business Intelligence platform goes beyond standard reports and dashboards to deliver impact through data experiences that fit the way people work.

Better decisions happen with simple access to the right data at the right time. Waystar's end-to-end RCM platform unlocks the value of your unified data to deliver simplified, tailored insights to empower data driven decisions you can trust.

Empowering elevated data experiences

- **Enabling strategic visibility** and actionable execution, with triggers, alerts and email follow-up
- **Ad-hoc data analysis tools** for deeper insight into every facet of your revenue cycle
- **Go beyond the surface** and drill down into underlying data with dynamic, interactive, easy-to-use data visualization tools that allow for a deeper understanding of your rev cycle
- **Build unlimited dashboards + reports** with simple, yet robust BI tools to see and explore your data your way
- **Curate tailored data visualizations** with customized calculations, definitions and KPIs bringing unrivaled visual clarity and simplicity
- **Compare your organization's performance** to your peers with highly customizable competitive benchmarking that gives insight into performance strengths + opportunities

Ready to explore your rev cycle in a new way?
