

# Analytics Pro

## Robust pre-built data visualization for top KPIs, in seconds

Reshape your data experience by visualizing massive amounts of revenue cycle data with simplicity and speed. Analytics Pro enables healthcare organizations of all sizes to uncover the stories hiding in your data. Start your data exploration journey with a big picture of your revenue cycle. With pre-built dashboards and reports, you have the power and flexibility to analyze, evaluate and visualize data points in near real-time.

### Grow + scale with data insights you can trust

Delivering data experiences to support the complex decision-making needs of visionary healthcare organizations requires a different approach. Waystar's Analytics + Business Intelligence platform goes beyond standard reports and dashboards to deliver impact through data experiences that fit the way people work.

Better decisions happen with simple access to the right data at the right time. Waystar's end-to-end RCM platform unlocks the value of your unified data to deliver simplified, tailored data experiences to empower decision-making across your organization. Optimize your rev cycle with accurate data you can trust.

### Empowering elevated data experiences

- **Powered by Waystar's Analytics + BI Platform**, gain a holistic understanding of your rev cycle with a 360-degree view across a single, unified data platform
- **Analyze data easily with pre-built** KPI-driven dashboards and reports that turn your data into insights and power better decisions
- **Enabling strategic visibility** and actionable execution, with triggers, alerts and email follow-up
- **Go beyond the surface** and drill down into underlying data with dynamic, interactive, easy-to-use data visualization tools that allow for a deeper understanding of your rev cycle
